5. How will you use the redline feedback you received to improve your skills?

- Work with a mentor
- Gain more experience
- Read text/resource books
- Attend exam prep session(s)
- Nothing before the next administration of the exam

6. What other types of examination feedback you would find valuable?

How about a copy of our test with comments? It is ridiculous that we only get to look at the test ^{for an hour} I wasn't even allowed to take paper and pen into the review. How am I even expected to verify my test results by the very few comments that I received if I can't check myself by making my own notes. We are professionals! Stop treating us like criminals by

7. Please share any additional comments on how CLARB can make the redline review process more valuable for candidates.

I have so many suggestions: 1) allow candidates to have a copy of their test. 2) allow candidates to ask questions to a professional grader 3) provide an administrator that is a licensed professional 4) more in depth feedback (red mark comments) 5) Actually take candidates suggestions seriously!!! 6) Give us actual value by paying your ridiculously high fees and help us to actually know what we did wrong and not be so ambiguous about everything.

Thank you for participating in this survey. Your comments and feedback are extremely valuable to us and will be used to improve the redline process. CLARB wishes you the best of luck in your professional development!

Please fax or mail the completed survey to the Council office.

NOTE: We all understand & agree that your goal is to protect the health, safety, & welfare of the public. I think you could still maintain your goal by helping licensure candidates better know & understand what they need to do better.

being so secretive & non-helpful & counter productive in your test & renew administrations & procedures...
